

mySewnet Embroidery Software
Level: Platinum Subscription

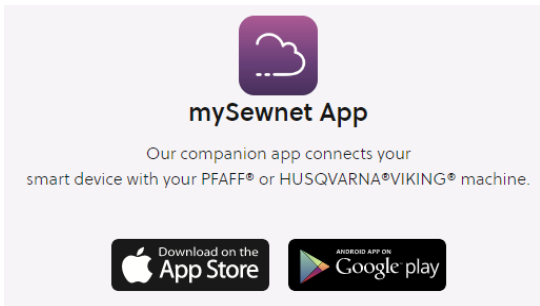

QR Code Creator - with mySewnet App

The QR code feature* automatically transforms an email, website, instagram page or similar into a QR code embroidery design!

Very neat for integrating your info in plain sight of the garment or project! perfect for quilts!

When a phone camera scans the embroidery design, it will automatically open the dedicated email, website, etc.

** Requires Platinum Subscription*

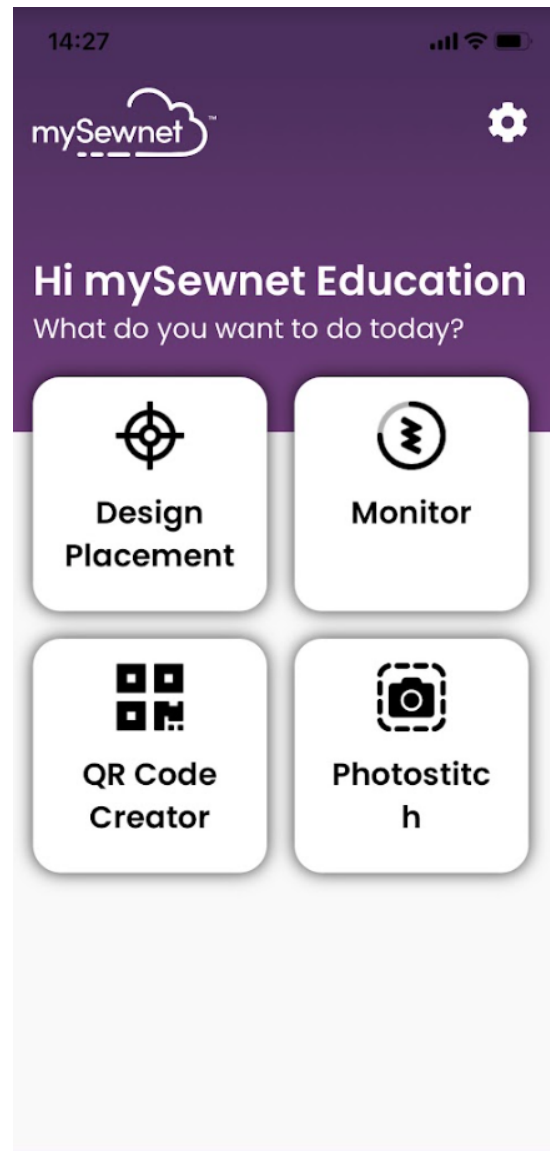

1.	<p>mySewnet mobile app is an extension of the mySewnet experience. It offers creative features built for easy use. Leaving more time for fun and creativity.</p> <p>Go to App Store or Google Play to download it.</p>	 An advertisement for the mySewnet App. It features the app's logo (a purple square with a white cloud and dashed line) at the top. Below the logo, the text reads "mySewnet App" and "Our companion app connects your smart device with your PFAFF® or HUSQVARNA®VIKING® machine." At the bottom, there are two buttons: "Download on the App Store" and "ANDROID APP ON Google play".
----	--	---

2.

When you open the App you will have access to several different features.

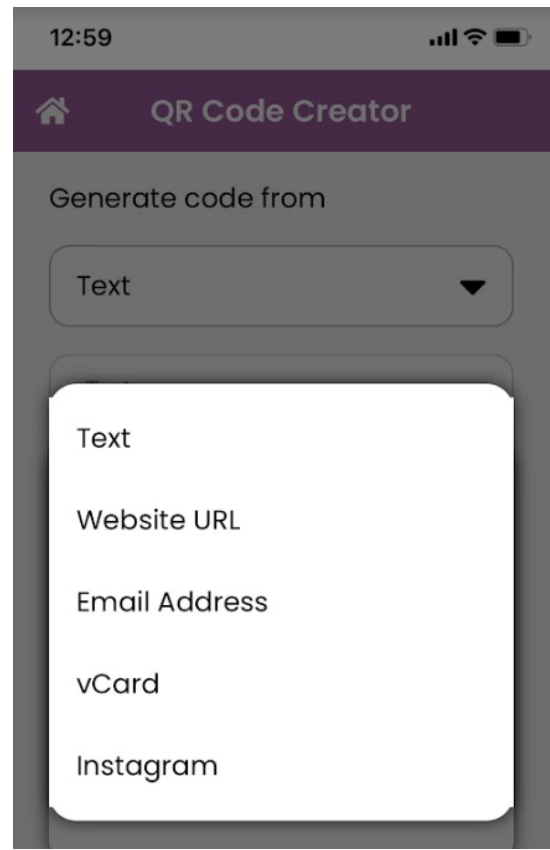

In this instruction we will look at QR Code Creator

Click on the QR Code icon.

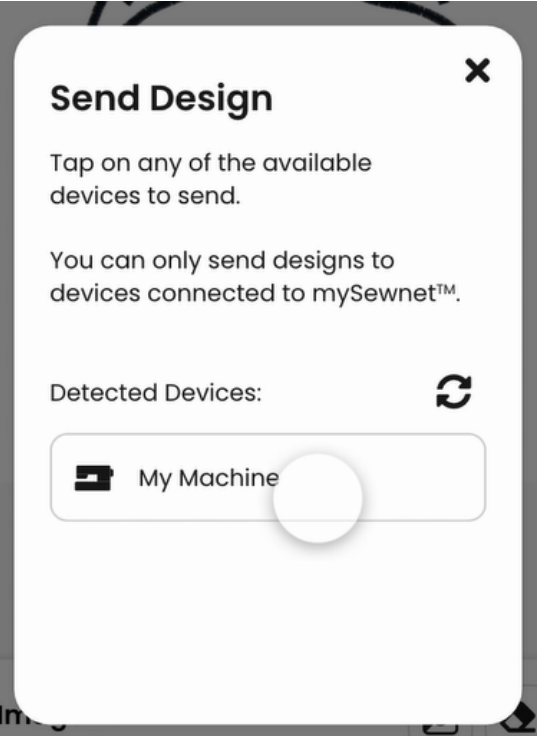

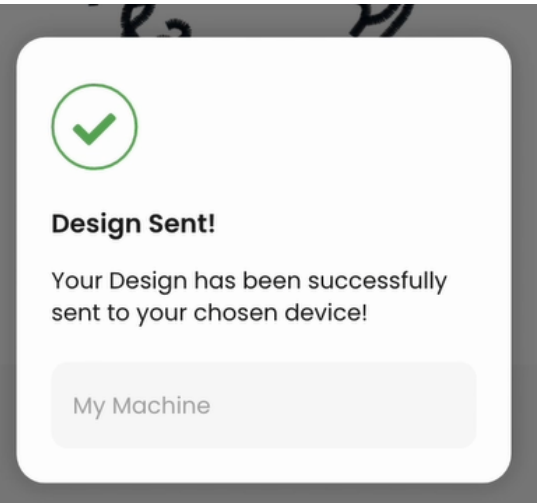

3.

In the QR Code Creator you can create a QR code from several different sources. The result of all of them is a embroidery file that you can scan with the camera on your phone/tablet.

<p>4.</p>	<p>If you choose text, you can enter any type of text and the QR Code is created.</p>	
<p>5.</p>	<p>Click on the arrow to take you to the next step.</p>	

<p>6.</p>	<p>In this window, you have some editing options.</p> <p>You can set if you want the QR Code to be created with Black/White or only Black</p> <p>You can set the size of the blocks creating the QR Code. The size of the whole design will change depending on the block size.</p>	
<p>7.</p>	<p>When you are happy with your embroidery. You can either send it directly to your mySewnet enabled machine or save it to your Cloud account for use later.</p>	

<p>8.</p>	<p>To see your machine in the list, make sure you are signed in with your mySewnet account in both the app and the machine.</p>	
<p>9.</p>	<p>Click on the machine you want to send the design to and the design will appear on the machine screen.</p>	
<p>10.</p>	<p>When you choose to Save to Cloud, you need to give the embroidery design a file name and click Save.</p>
